easYgen 3000XT: Environment, Ambient Temperatures and Humidity proven

Özgür Tosun - 2025-01-13 - <u>easYgen-3000XT</u>

Did Woodward execute environmental temperature testing during development to confirm that easYgen-3000XT Series devices can operate under -20 °C to +70 °C ?

YES, Woodward performed all necessary tests according to the following standards (excerpts taken from technical manual):
